

# Pattern coin (\$PTC)

Balancing the Bitcoin Ledger

# Executive Summary

Patterncoin is a decentralized, community-driven cryptocurrency designed to provide a secure, transparent, and entertaining ecosystem for users.

Our mission is to create a vibrant community where users can participate in various activities, including mining, staking, gaming, lottery etc, while earning rewards in \$PTC. Join the \$PTC community today and experience the thrill of decentralized finance!

# Introduction

Patterncoin is built on a robust blockchain architecture, ensuring fast, secure, and transparent transactions.

Our ecosystem is designed to be user-friendly, making it accessible to individuals of all backgrounds and crypto experience levels. \$PTC is the primary currency for transactions within the ecosystem.

# Key Features

- 01 Mining:** \$PTC will be mined using a Proof-of-Work (PoW) algorithm, allowing users to contribute to the network's security and earn rewards while balance the Bitcoin ledger.
- 02 Staking:** Users can stake their \$PTC to participate in the network's consensus and earn passive income.
- 03 Roll Dice Game:** A fair game where users can roll dice to win \$PTC rewards.
- 04 Lottery:** Users buy tickets to win weekly rewards. The more tickets you buy, the more chances you have to win.
- 05 NFT Integration:** Exclusive NFTs will be available for purchase, offering unique rewards and experiences within the ecosystem.

# Tokenomics

## Total Supply

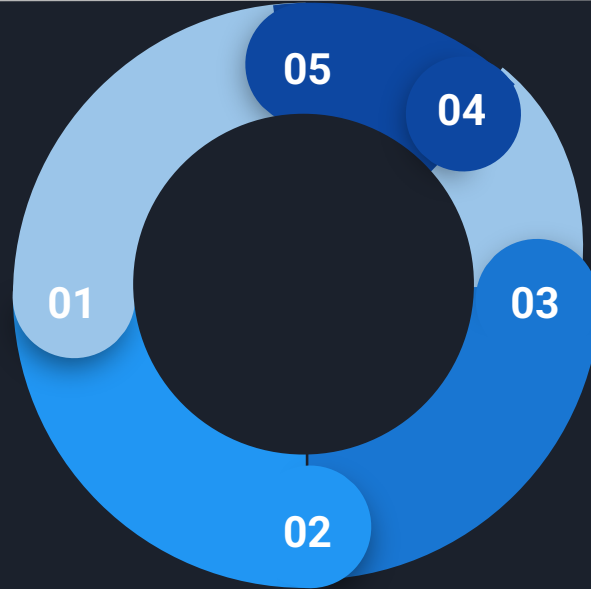

1,000,000,000 \$PTC

## Initial Supply
